

***2022 - 2023 School Supply Lists**

At Seaside Charter Schools, our teachers collaborated across all three campuses to ensure consistency in our supply requests. We have worked hard to trim our list to essentials to try to ensure our supply lists are more accessible for all families.

Additionally, each of our classroom and resource teachers will have a wish list. The wish list will be a place for teachers to make special requests specifically for their classroom. Teachers will send out wish lists in the first weeks of school. This list will be unique for each teacher and may be updated throughout the year.

Our supply lists include links to purchase supplies. We have indicated which supplies are brand specific, which supplies are not brand specific, and which are available at our school store via our website beginning June 1st*. Families can purchase supplies directly from the links below or shop for bargain deals before school. The links were provided as an example to families but there is flexibility and if you can find a material at a cheaper price, feel free to purchase it.

Waldorf supplies (crayons/color pencils) may be recycled from year to year. Your child should have brought home their supplies at the end of the school year. If you decide that any of your crayons or colored pencils need to be replaced, you can order replacements through our school store via our website beginning June 1st. There are also tips and tricks for cleaning your block and stick crayons at the end of the supply lists.

We understand that school supplies are expensive. Please send what you can in with your student and communicate if you would like to support purchasing additional supplies, you can do so by purchasing school spiritwear, which will be sold triannually. 100% of the profits from these purchases will be used to purchase additional supplies for teachers and students in need. Fall school spiritwear will be available for purchase on the school store website beginning July 1st.

At Seaside, we are committed to ensuring that all families will have access to our instruction and we will work to ensure all students have what they need to be successful. Please direct all questions regarding supplies to Jen Cairo, jcairo@seasidecharter.org.

**Supplies purchased through the school store will be delivered directly to your child's classroom in August.*

Personal Supplies ALL GRADE LEVELS (To be labeled with child's first and last name)
Material/Item
Nap Mat (kindergarten only) Recommended
Spare clothes (kindergarten and first grade only)
Lunchbox
Water Bottle
Rain Jacket with hood
Rain Boots
<i>*Please remember to keep these items media-free, per the guidelines in the Parent Handbook.</i>

Kindergarten

Band-Aids, any size box (ANY BRAND)	1
Disinfectant Wipes - NO BLEACH (ANY BRAND)	1
White Cardstock, 1 ream (ANY BRAND)	1
<p><i>You may notice that block and stick crayons are absent from the middle school supply list. As students enter middle school, their drawings become more sophisticated and there is not a need for individual sets of these items. If your student would like to bring their set to school, they may. There will be block and stick crayons accessible in the classroom for those students who choose to use these items occasionally.</i></p>	

PE (Grades K-8)	
Closed Toe Shoes & Water Bottle on PE Days	1
Health (Grades 6-8)

<u>3 Hole Punch for Binder (ANY BRAND)</u>	1
<u>Markers, thick and thin assortment (ANY BRAND)</u>	1
<u>Yoga Mat (ANY BRAND)</u>	1

Tips & Tricks for Making Your Crayons Last!

At Seaside we are very lucky to have crayons made from beeswax. These special art tools, shared with us by the bees, help us create beautiful artwork and learn to draw. These crayons and pencils are also very expensive, so we need to care for them. When properly cared for, these crayons can last for years. The key to making them last is using consistent sides to make the large, medium, and small sides. When wanting to make a dot or thin line, you change the angle of your hand instead of using a corner. Typically, we keep these special things at school, but for the summer we will be sending home each child's supplies so that families can help us care for them and replace what is needed.

Please wash your child's crayon roll this summer and help them clean their crayons. Crayons are best cleaned with some essential oil on a dry rag. If you rub the crayon, the oil will remove any mix-match colors on the outside of the crayon.

This can also be accomplished by rubbing the crayon on white paper many times as well. You can also recreate corners and edges by working with the crayon on paper. This process takes patience, but it is a good exercise of will and a great lesson on using hard work to care for your things and keep them nice. If you decide that any of your crayons need to be replaced, you can order replacements through our school store.
