

The Seaside Charter, Winter Art Market is a curated shopping event for adults, children and the homes they live in. Our school has Public Waldorf inspired curriculum which includes an emphasis on the visual arts such as watercolor and form drawing; practical arts including woodworking; handwork such as knitting and sewing and felting using wool roving; opportunities for drama performance in plays and readers' theater; and music. We are looking to provide a thoughtful shopping experience in time for holiday gift-giving and feature a collection of the finest handmade artists, designers, retailers, and food-entrepreneurs on the First Coast!
