

Partner With

Seaside Charter Schools!

Seaside Community Charter School is the **ONLY** public, tuition-free Waldorf inspired school in the Southeast. Our vision is to teach children **“how”** to learn. Once a child knows how to learn, it will enable them to become successful citizens with the ability to adapt and create opportunities as their life and environment changes.

Our school has experienced success beyond our wildest expectations as word of our education principles has spread to parents throughout our community.

Become recognized as a Partner of Seaside Charter Schools with a tax-deductible, charitable investment!

Your business can benefit from our success and rapid growth!
